

Camping

For anyone interested, Grattan Raceway does allow camping at the track. RVs, campers, or tents are allowed. There are no electric or sewer hook-ups, but there are showers. There are two options; camping inside the gate on the infield, or outside the gate. Camping outside the gate is free. Camping inside the gate is \$25.00. The track charges to have security at the track to unlock the gate in the event of an emergency and to satisfy their insurance requirements.

The camping cost will be calculated based on the number of camping units. For example:

1 tent = 1 unit

1 RV = 1 unit

1 car = 1 unit

Payment: Please pay for camping during registration. If you decide to camp after you have signed up and paid, you can contact me and pay with a check made out to "MVRPCA" or with cash. A camping tag will be given to you to show payment.

Keep in mind that access to the infield is closed during the day when there are cars on track. Once the track is cold for the night bikes and walkers are allowed on the track. Helmets are required for bikes. Grattan has some very scenic views.

I will be staying at the track in our travel trailer and will have some extra fridge space if anyone needs to keep things cold.
